GENESIS Oil liquid concentrate is a natural quaternary compound synthesized from the seed and pulp of certified organically grown grapefruit. The manufacturing process converts grapefruit bioflavonoids (polyphenolics) into an extremely potent compound called Citricidal that has been proven highly effective in numerous applications. Citricidal is used by healthcare professionals worldwide as nutritional support for individuals with certain health concerns.

INTERNAL USES (Never use full strength!)

DENTAL RINSE (for healthy gums and fresh breath) Stir 3 drops into 2 oz. or more of water. Vigorously swish a small amount of water in the mouth for 10 seconds or more 2-3 times daily.

THROAT GARGLE Stir 3 drops into a small (3 oz. Or more) cup of water. Gargle several times. Use as often as needed.
